

1. K-LOVE serves is a service to the suburban community of Chicago, by providing commercial free, worry free Christian music to all.
2. If a LPFM broadcaster provided other programming in Chicago I would leave K-Love in search of similar station. I do not think LPFM should be allowed to take over the air waves of a station that is already established and providing a great service to the community.
3. The service provided by K-Love is in the public's interest because there is a need for a commercial free, worry free, Christian radio station. There are people in this community (Chicago area) that do not like the garbage that is already allowed to flow over the radio waves. K-Love has been a positive influence on my life, and I hope you consider this when voting on the issue of LPFM station licenses.
